AGENDA

1. Council Ordinance 05-168, Amending Chapter 268 of the City of Bangor Code, Taxicabs, Section 3, 3.1, and 4, Implementing Certain Procedural Changes

The purpose of these amendments is to implement certain procedural changes and clarifications to the taxicab ordinance. Changes include clarifying application procedures, specifying that application fees are non-refundable, reducing to two the number of driver lists that must be submitted to the police department each year, allowing for 13 month licenses for new applications filed within a month of the renewal date, and reducing the submission requirements for application renewals. The amendments also impose a background check fee for new drivers and prohibit new drivers from driving until the background check is approved.

2. Discussion Concerning Swim Fees, Gate/Attendance Keeper Position, and Fundraising for Dakin Pool

The Friends of Dakin Pool Committee have expressed interest in raising funds to cover the cost of the gate/attendance keeper position, which, in turn, would allow the City not to charge fees at the Pool this summer. As you may recall, the Council previously took action to establish the position and implement a fee structure. The Committee would like an opportunity to meet with Government Operations to review and discuss their proposal.
